

Community Redevelopment Authority Advisory Group  
Minutes for February 7<sup>th</sup>, 2022

Present: Jeff Beins, Karla Ott, Stephen Postier (members); Sue Crawford (City Administrator)

Absent: Perry Rosenau, Don Bailey, Suzanne Vanous

The Open Meetings Act Announcement was made.

A resolution to authorize the city to use new MicroTIF authority was discussed. Questions were raised about the ability of the city to limit or prioritize applications. The decision was made to table any decision until more information was obtained. [Note: Later it was confirmed that the bill language does not allow the city to limit or prioritize applications, so the issue was not brought up again for discussion.]

The committee reviewed the new TIF guidelines and check lists. Those on the committee with experience with past projects provided their insight into the TIF process.

No action was taken.

The meeting was adjourned.
